

ANTI-LYNCHING BILL DUE FOR POSTPONEMENT

No Prospects for Passage This Session—Eventual Defeat Forecast.

By International News Service.
The Dyer anti-lynching bill cannot be passed at the present session of Congress and will fail probably at the short session this winter because of opposition to it, House leaders said today.
This bill carries a provision giving the Government authority to carry to the Federal courts all crime cases in which aliens are the victims, assuming jurisdiction in such cases over State authorities and courts, as recommended by President Harding.

In his latest message to Congress on the strike situation. Other provisions of the bill give the Federal Government authority in lynching cases where the State authorities fail to act.
The House passed the bill some months ago after a stiff fight with all the Democrats and some Republicans opposing it. Changes were made in the proposed legislation by the Senate Judiciary Committee and it was laid before the Senate. The opposition to it is so strong in that body that no attempt will be made to force it through at the present session of Congress.
The provision for protection of aliens will meet with determined opposition from all States rights advocates, as it has through the fifty years in which efforts have been made to put such a law through Congress. Little attention is being given the objection to the provision raised by organized labor that it was prompted by hostility to organized labor and was an effort to give Federal protection to foreign strike-breakers. It is understood that Chief Justice Taft framed the language of the provision as carried in the Dyer bill, and that it was inserted at the instance of Chairman Volstead, of the House Judiciary Committee.

WELCOME WAITS REVOLT CHIEFS FROM OREGON

Mexican President Declares Plotters Will Be "Taken Care Of" If They Return.

By JOHN GOLDSTROM.
Universal Service.
Far from being troubled over the Murguia foray into Mexico the Obregon government would gladly welcome all the insurrectionist leaders back into the country. There they will be "taken care of." This was declared by Don Manuel C. Telles, charge d'affaires at the Mexican embassy, President Obregon at Mexico City had told newspaper correspondents that "General" Murguia's raid was "not important."

Senor Telles' remarks referred apparently to the presence in the United States of some dozen Mexican "revolutionary leaders" who, financed by American oil interests opposed to the Obregon administration, continue to plot against the government in violation of American neutrality laws.
These armless generals have failed consistently in individual efforts to rally revolutionists to their banners, and the latest failure was a combination of the Obregon administration, which had previously inaugurated an insurance scheme for men against bachelordom.

A new Congress overwhelmingly in favor of the Obregon policies has just opened. The President has so little to fear from the opposition that he has refused to put any restraint upon any section of the press, among which are several newspapers which attack him consistently, and the friendly to programs hatched in New York.
The Mexican congress will formally ratify the agreement reached by Secretary of the Treasury de la Huerta with the international bankers and the more responsible section of the American oil interests.
Oil taxes will produce this year a revenue of more than \$20,000,000. Payments are to be made to the Banco Nacional de Mexico with eight drafts on New York in favor of the bank at the exchange rate of 50 Mexican centavos on the American dollar.
The Mexican peso, equal to the American half-dollar, has remained at par.

ALICE PAUL RIDICULES CHARGE OF SOVIET PACT
Emphatic denial has been made by Miss Alice Paul, founder and now vice president of the National Woman's Party, that her organization is fostered by, or has become affiliated with, the Russian Communist movement. She characterized the charge as "ridiculous."

The charge was made in the current issue of the Woman Patriot that the funds with which the "Watch Tower," the party's new headquarters on Capitol Hill, had been purchased with money other than that which had been extracted from the pocketbook of Mrs. O. H. P. Belmont.
The Woman Patriot was formerly the anti-suffragist organ and is sponsored by Mrs. James W. Wadsworth, Jr., wife of Senator Wadsworth of New York.

FORD SPECIAL CAR WINS ROCKY MOUNTAIN CLIMB
COLORADO SPRINGS, Col., Sept. 5.—A Ford special driven by Noel E. Bullock, of North Platte, Neb., yesterday won the fourth annual Pike's Peak automobile climb. Bullock covered the 12 1/2 miles in 19 minutes and 50 3/5 seconds, 34 3/5 seconds more than the course record. Harold Brinker, in a Wills St. Claire was second in 20 minutes and 46 seconds. King Ribley, in a Hudson also won a special event for heavy cars covering the course in 20 minutes and 5 seconds.
Fourteen of nineteen starters finished the race, which was without serious accident.

Germany Planning To Restrict All Hard Liquor

By KARL H. VON WIEGAND;
Universal Service.
BERLIN, Sept. 5.—Distillers in Germany got a real scare today.

They see an ugly head to the liquor proposition in a decree issued by the Prussian minister of the interior instructing police to restrict a further increase in bars, cafes, and other places where brandy and alcoholic drinks other than beer and light wines are sold.
The minister emphasizes that in view of the serious economic situation in Germany the people demand that a far-reaching restriction be placed on the sale and consumption of spirituous liquors.

TWO AND HALF TRILLION LIVING COST IN AUSTRIA

PARIS, Sept. 5.—According to the latest official statistics, 2,500,000,000,000 crowns in round numbers is what it costs to live in Austria a year. Never very low, the cost of living has jumped 124 per cent between July 15 and August 14.

One of the first things the government will be obliged to do is to double the salaries of all its officials. And even then it is doubtful if they will be able to satisfy their hunger.

FRENCH GIRLS INSURED AGAINST NOT MARRYING

PARIS, Sept. 5.—French mothers may now insure their daughters against not marrying.

This is due to the enterprise of a Paris insurance company, which had previously inaugurated an insurance scheme for men against bachelordom.

MOTHER JONES NOW REPORTED MUCH IMPROVED

Famous Figure in Labor Movement Suffering From Nervous Breakdown.

The condition of "Mother" Jones, who has been reported critically ill in the last few days, was reported today to be much improved, according to information given out at the home of T. V. Powderly, secretary of the board of review, Department of Labor.

"In the last two days she seems to have gained in strength," it was said, "and we are confident that she will regain her health again."

Mrs. Jones, affectionately known as "Mother" Jones by labor unionists, has been suffering from a nervous breakdown since July, when she hurried here from the Colorado mines. She worked almost continuously for the welfare of the miners and other workers there. Prior to that time, despite her ninety-two years, "Mother" Jones was actively engaged in promoting labor unionism wherever her services were needed.

Yesterday was the first Labor Day in many years that she did not take part in the celebration of the victories of unionism and labor generally.

Lions' Club Meeting.

A business meeting of the Lions' Club is scheduled for the Willard at 12:30 o'clock tomorrow. George Lewis has been named chairman of the program committee for the current month.

London To Australia Airway Is In Prospect

By Universal Service.
Sir Keith Smith, who with his brother, the late Ross Smith, flew from England to Australia, will shortly submit to Premier Lloyd George a detailed plan for a commercial airway from London to Melbourne.

This was reported to the United States Army Air Service by its London attaches. The England-to-Australia airway will be the longest in the world. The project is backed by the Vickers Shell Company, which provided the plane for the first flight.

It is proposed to take over Great Britain's existing fleet of airships, which can carry thirty-five passengers and four tons of mail. The passenger fare will be less than \$600. The route will be through India and Egypt.

Sir Ross Smith was killed on the eve of his projected flight around the world, and the plane which was to have been used was wrecked.

ARBUCKLE, WITH POISONED HAND COMING BACK TO U. S.

LOS ANGELES, Sept. 4.—Cablegrams received from Roscoe "Fatty" Arbuckle by his friends in the city, indicate that the comedian has abandoned his intended tour of the Orient and trip around the world, and will return to Los Angeles as soon as the condition of his hand, which is badly swollen from blood poisoning, will permit him to resume travel.

Arbuckle, who is now under treatment, cabled to friends that his condition was bad, and that he thought it best to return at once.

LUNG INFECTION FATAL TO NOTED CHURCH LEADER

Bishop Samuel Fallows, Head of Reformed Episcopal Wing, Passes.

CHICAGO, Sept. 5.—Bishop Samuel Fallows, head of the Reformed Episcopal Church in America, died this morning following an illness of several weeks of an infection of the lungs.

The end came with serenity and lofty peacefulness. He was eighty-six. To his great following he was known as "the Soldier Divine."

Four months ago he was stricken with influenza. Complications developed after he was supposedly well out of danger and a long infection followed.

Bishop Fallows was a nationally known figure in educational, church and patriotic circles and was the author of numerous books. He was chaplain in chief of the G. A. R. in 1907 and 1908 and was national patriotic instructor of the veterans' organization in 1908 and 1909.

Eight times he was elected presiding bishop of the Reformed Episcopal Church, a post which he held at the time of his death. He served in the civil war as a colonel and in 1865 was made a brigadier general. He was born in England in 1835 and came to America in 1848 with his parents, who settled in Wisconsin. Bishop Fallows entered the ministry in 1859 and received his bishopric in 1876.

Oysters R in Season

in each month with an R in it. Stewed, Fried, Raw, Panned, Escaloped, Broiled, they are best when seasoned with
